#### Where is the adjustment coming from?

Water: No recent information is available in PCN, and the bill could not be found in the Email Reader even after checking using the provider name, account number, entity name, and service address. OMR #6229583 was raised due to invalid credentials, and no alternate credentials were found in LM. There has been no response via email, and an attempt to contact the provider at 202-354-3600 resulted in voicemail. No revert from customer.service@dcwater.com requesting the account details. Created template as per payment portal and projected due date.

**Total Current Charges:** \$12450.86

**Total Amount Due:** \$12450.86
